TABLE OF CONTENTS

INVITED PAPERS BY TOPIC

I. **MEASUREMENT PROBLEMS IN NATIONAL HEALTH DATA SYSTEMS**

Chair/Organizer: E. EARL BRYANT, National Center for Health Statistics

Evaluation of the Matching Effectiveness of the National Death Index. JOHN E. PATTERSON, National Center for Health Statistics 1

An Agenda for Health Survey Research. ROBERT R. FUCHSBERG, National Center for Health Statistics; CHARLES F. CANNELL, University of Michigan 11

Response Problems and Imputation Processes for the National Health and Nutrition Examination Survey. PAUL D. WILLIAMS, ROBINSON FULLWOOD, CLIFFORD L. JOHNSON, National Center for Health Statistics 13

Discussion--MORRIS H. HANSEN, Westat, Inc. 21

II. **PANEL ON POLITICS AND STATISTICS: REASSESSING THE MIX**

Chair/Organizer: KATHERINE K. WALLMAN, Council of Professional Associations on Federal Statistics

Politics and Statistics: Reassessing the Mix. KATHERINE K. WALLMAN, Council of Professional Associations on Federal Statistics 24

The Use of Federal Statistics in Policy Analysis for the Congress. NANCY M. GORDON, Congressional Budget Office 26

III. **PLANNING THE 1990 CENSUS**

Chair: WILLIAM BUTZ, U.S. Bureau of the Census
Organizer: PETER A. BOUNPANE, U.S. Bureau of the Census

1990 Census Planning Issues. PETER A. BOUNPANE, U.S. Bureau of the Census 28

Developing an Automated Geographic System for Future Censuses. ROBERT W. MARX, U.S. Bureau of the Census 36

Counting or Estimation in a Census--A Difficult Decision. BARBARA A. BAILAR, U.S. Bureau of the Census 42

IV. **UPDATE ON ACTUARIAL-STATISTICAL DEVELOPMENTS**

Chair/Organizer: ROBERT J. JOHANSEN, Metropolitan Life Insurance Company

Use of Statistical Techniques in the Development of Disability Income Rates of Termination from Disability. FRANK E. KNORR, Aetna Life & Casualty 50

Determination of Development Factors for Automobile Insurance Rates. AARON TENENBEIN, New York University; DAVID J. COVALL, Analysis & Inference 57

Pricing for Health Insurance. ANTHONY J. HOUGHTON, Tillinghast, Nelson & Warren 62

Discussion--R. CLIFTON BAILEY, McLean, Vir. 67

V. **INTERNATIONAL STATISTICS ON WOMEN**

Chair/Organizer: SAM BAUM, U.S. Bureau of the Census

Existing Data Systems as Sources for Indicators of the Situation of Women. MARY G. POWERS, Fordham University 69

Some Indicators of Women's Economic Roles in Sub-Saharan Africa. JEANNE S. NEWMAN, University of Arizona 78

Chair/Organizer: ROBERT J. JOHANSEN, Metropolitan Life Insurance Company

Use of Statistical Techniques in the Development of Disability Income Rates of Termination from Disability. FRANK E. KNORR, Aetna Life & Casualty 50

Determination of Development Factors for Automobile Insurance Rates. AARON TENENBEIN, New York University; DAVID J. COVALL, Analysis & Inference 57

Pricing for Health Insurance. ANTHONY J. HOUGHTON, Tillinghast, Nelson & Warren 62

Discussion--R. CLIFTON BAILEY, McLean, Vir. 67

V. **INTERNATIONAL STATISTICS ON WOMEN**

Chair/Organizer: SAM BAUM, U.S. Bureau of the Census

Existing Data Systems as Sources for Indicators of the Situation of Women. MARY G. POWERS, Fordham University 69

Some Indicators of Women's Economic Roles in Sub-Saharan Africa. JEANNE S. NEWMAN, University of Arizona 78

VI. IS HEALTH IMPROVING? THE STATISTICAL EVIDENCE

Chair/Organizer: JENNIFER MADANS, National Center for Health Statistics

Trends in United States Mortality. MARILYN M. McMILLEN, HARRY M. ROSENBERG, National Center for Health Statistics 88

Trends in Illness and Disability. RONALD W. WILSON, National Center for Health Statistics 93

Health Status and Health Care Use Among 1971-1976 Elderly Cohorts in Canada. EVELYN SHAPIRO, NORALOU P. ROOS, University of Manitoba 97

VII. CANADA, THE U.S., AND THE REST OF THE WORLD: A COOPERATIVE STATISTICAL EXPERIENCE?

Chair: BRUCE K. CHAPMAN, U.S. Bureau of the Census

Panelists: IVAN P. FELLEGI, Statistics Canada 104
DANIEL B. LEVINE, National Academy of Sciences 106

VIII. DIFFERENT WAYS OF MEASURING ETHNIC GROUPS

Chair: WARREN E. KALBACH, University of Toronto
Organizer: STANLEY LIEBERSON, University of Arizona

Problems in Ethnic Measurement: Over-, Under-, and Misidentification. TOM W. SMITH, National Opinion Research Center 107

Surname Versus Self-Identification in the Analysis of Hispanic Data. TERESA A. SULLIVAN, University of Texas-Austin; FRANCIS P. GILLESPIE, S.J., St. Joseph's University; MICHAEL HOUT, ANDREW M. GREELEY, University of Arizona 117

Direct and Indirect Measures of Ethnicity: How Different Definitions Affect the Size and Characteristics of Various Ethnic Groups. NAMPEO R. McKENNEY, U.S. Bureau of the Census; REYNOLDS FARLEY, University of Michigan; MICHAEL J. LEVIN, U.S. Bureau of the Census 123

IX. STATISTICS IN THE LEGAL SETTING

Chair/Organizer: JOSEPH B. KADANE, Carnegie-Mellon University

Statistics of Disputed Paternity Cases. DONALD A. BERRY, University of Minnesota 131

Combined Tests of Significance in EEO Cases. JOSEPH L. GASTWIRTH, George Washington University 139

Probability of Reversal in Contested Elections. DENNIS C. GILLILAND, Michigan State University; PAUL MEIER, University of Chicago 145

Discussion--MIRON L. STRAF, National Academy of Sciences 152

CONTRIBUTED PAPERS BY TOPIC

I. STATISTICAL MODELING IN HEALTH RESEARCH

Chair: GARY G. KOCH, University of North Carolina

Bayesian Adjustment of the Survival Rate in Medical Follow-up Studies. JOHN J. HSIEH, University of Toronto 155

Reliability Considerations for State Decennial Life Tables. LESTER R. CURTIN, National Center for Health Statistics 161

Evaluation of a Predictive Model for Diabetic Compliance. THOMAS I. GOSS, Goss, Gilroy & Associates; JEAN J. JENNY, University of Ottawa 167

II. MULTIVARIATE DATA ANALYSIS IN SOCIAL STATISTICS

Chair: DAVID McMILLEN, U.S. Bureau of the Census

Agreement and Differentiation Measures. RONALDO IACHAN, Iowa State University 173

On the Bias of the Canonical Correlation Redundancy Statistic.
HOLLY H. HOLLINGSWORTH, St. Louis University 179

Multivariate Group Assessment of Probabilities of Nuclear War. S. JAMES PRESS,
University of California, Riverside 181

Multivariate Effect Size Estimation. IVO L. ABRAHAM, SAMUEL SCHULTZ, II,
University of Michigan 185

On MANOVA with Consideration on Plot Effects. D.S. GILL, North Dakota State University;
MINORU SIOTANI, Hiroshima University 190

Adjustment for Selection Bias in Quantitative Research Synthesis/Meta-Analysis.
TIMOTHY F. CHAMPNEY, University of Chicago 196

Optimizing the Multidimensional Two-Sample Runs Statistic: Guidelines Based on
Computer Simulation. FREDRICK S. WHALEY, DANA QUADE, University of North Carolina
at Chapel Hill 200

III. ERRORS, ALLOCATIONS, AND IMPUTATIONS: EFFECTS ON STATISTICAL RESULTS

Chair: RODERICK J.A. LITTLE, U.S. Bureau of the Census

A Preliminary Study of the Error Structure of Statistical Matching. R. PATRICK KELLEY,
U.S. Bureau of the Census 206

Errors-in-Variables: Solutions Under Reasonable Behavioral and Social Science Assumptions.
CAROL JOYCE BLUMBERG, University of Delaware 209

Goodness-of-Fit Chi-Square Statistics with Imputed Data. PHYLLIS A. GIMOTTY,
University of Michigan 215

The Adequacy of Least Squares Before and After Correction for Attenuation.
DANIEL W. SCHAFER, Oregon State University 219

IV. MEETING THE NEEDS OF DEVELOPING COUNTRIES:
A POTPOURRI OF INTERNATIONAL ACTIVITIES OF THE U.S. CENSUS BUREAU

Chair: KARL KINDEL, U.S. Bureau of the Census
Organizer: SANDRA ROWLAND, U.S. Bureau of the Census

A Structured Approach to Energy Data Collection: Sectoral Demand Data in Tunisia.
JAMES C. GIBBS, U.S. Bureau of the Census 223

The Feasibility of Using Microcomputers in National Statistical Offices of Developing
Countries. BARBARA N. DISKIN, U.S. Bureau of the Census 229

Statistical Training Through Overseas Workshops. NINA PANE PINTO, WILLIAM E. O'LEARY,
U.S. Bureau of the Census 233

Automatic Editing and Imputation Made Simple: The Guyana Experience. MARY K. FRIDAY,
VIVIAN TORO, U.S. Bureau of the Census 237

A Master Sample Approach to the Moroccan Intercensal Survey Program. JOSEPH K. GARRETT,
KAREN STANECKI, U.S. Bureau of the Census 243

The Perimeter Squared-Area Ratio Method of Area Measurement. DANIEL C. CLAY,
U.S. Bureau of the Census 249

V. NEW METHODS OF MEASURING WORK AND RETIREMENT

Chair: ROGER A. HERRIOT, U.S. Bureau of the Census

Estimates of Eventual Job Tenure for the U.S. Labor Force, 1981. FRANCIS W. HORVATH, Bureau of Labor Statistics 255

A Proportional Hazard Semi-Markov Model of Work Histories of the Disabled. JOHN HENNESSEY, Loyola College and Social Security Administration 260

The Value of Household Work in the 1980's. JANICE PESKIN, Congressional Budget Office 266

Intertemporal Variations of Social QOL Indicators in the U.S.A. BEN-CHIEH LIU, Liu and Associates, Inc. 272

VI. METHODOLOGICAL TOPICS IN SOCIAL STATISTICS RESEARCH

Chair: RAVI B.P. VERMA, Statistics Canada

Two-Sample Analysis of Covariance Based on All Matched Pairs. JOHN SCHOENFELDER, Burroughs Wellcome Company; DANA QUADE, University of North Carolina at Chapel Hill 277

Extending All-Matched-Pairs Analysis of Covariance to K (>2) Samples. IMOGENE McCANLESS, Glaxo, Inc.; DANA QUADE, University of North Carolina at Chapel Hill 281

Level of Significance of the Rank-Transformed t Test in Normal Populations with Unequal Variances. MARJORIE DAUPHIN, Bureau of Labor Statistics 285

On Determining the Probability of Spearman's Rank-Order Correlation for Small Samples. ROBERT P. VECCHIO, YU-CHI CHANG, University of Notre Dame 291

Nonparametric Validation of Parametric Statistics. JOHN C. TURNER, U.S. Naval Academy 293

Discussion--SUSHIL K. BHATTACHARYYA, Bell Canada 296

VII. ANALYSIS OF HEALTH RELATED DATA

Chair: HARRY M. ROSENBERG, National Center for Health Statistics

Health Resources and Demographic Change. JENNIFER MADANS, JOEL C. KLEINMAN, National Center for Health Statistics 297

Effects of Physician Supply on Use of Physician Services. DIANE MAKUC, JOEL C. KLEINMAN, STEVEN R. MACHLIN, National Center for Health Statistics 299

Characteristics of Asian Births: United States, 1980. SELMA M. TAFFEL, KENNETH G. KEPPEL, National Center for Health Statistics 304

Who's on Medicaid? An Examination of Available Data. MICHELE C. ADLER, GERALD S. ADLER, U.S. Department of Health and Human Services 309

Relative Cost Savings of Hospice Home Care to Third-Party Insurers: Cancer Decedents Under 65 Years of Age and 65 Years or Older. CHARLES H. BROOKS, KATHLEEN SMYTH-STARUCH, Case Western Reserve University 315

Accuracy of Death Certification. GEORGE C. MYERS, KENNETH G. MANTON, Duke University 321

Design of a Survey of the Last Days of Life. DWIGHT B. BROCK, National Institute on Aging 326

VIII. MIGRATION AND MISCELLANEOUS STUDIES

Chair: NAMPEO McKENNEY, U.S. Bureau of the Census

Which Neighborhoods Declined? KENT P. SCHWIRIAN, Ohio State University; E. HELEN BERRY, University of Michigan; F. MARTIN HANKINS, Ohio State University 331

A Dynamic Analysis of Household Change and Residential Mobility. ALDEN SPEARE, Jr., FRANCES E. KOBRIN, Brown University 337

Migration of the Elderly: Are Conventional Models Applicable? NORFLEET W. RIVES, Jr., Rice Center; WILLIAM J. SEROW, GARRY FREEMAN, KAREN McLEOD, Florida State University 343

Tipping Practices of American Households: Consumer Based Estimates for 1979. KEVIN F. McCROHAN, George Mason University; ROBERT B. PEARL, University of Illinois 348

1980 Census Findings and Their Implications for 1990 Census Planning. SUSAN M. MISKURA, JOHN H. THOMPSON, U.S. Bureau of the Census 353

Discussion--DONALD C. DAHMANN, U.S. Bureau of the Census 359

IX. STATISTICAL MEASUREMENT OF SOCIAL PHENOMENA: HOUSEHOLDS, EDUCATION, AND LANGUAGE

Chair: WILLIAM MOCKOVAK, U.S. Bureau of the Census

Constancy of Reliability of the Quick Word Test Over Survey Subgroups. CHARLES H. PROCTOR, North Carolina State University 361

The Naval Academy Preparatory School: A Statistical Study of Its Effectiveness. RANDALL K. SPOERI, U.S. Naval Academy 367

Developments in the Measurement of English Language Proficiency. EDITH K. McARTHUR, PAUL M. SIEGEL, U.S. Bureau of the Census 373

Determining Minimum Sample Sizes for Multiple Regression Grade Prediction Equations for Colleges. RICHARD L. SAWYER, American College Testing Program 379

The Failure of Student-Parent Crossvalidation in the High School and Beyond Survey. ALVIN S. ROSENTHAL, DAVID E. MYERS, ANN M. MILNE, FRAN M. ELLMAN, Decision Resources Corporation; ALAN GINSBURG, U.S. Department of Education 385

Panel Surveys and Family Level Measures: Problems and Solutions. MARVIN DICKER, National Center for Health Statistics 390

The Surplus Theory of Social Stratification and the Size Distribution of Personal Wealth. JOHN ANGLE, University of Arizona 395

X. INTERNATIONAL FERTILITY STUDIES

Chair: DUDLEY L. POSTON, Jr., University of Texas-Austin

The Measurement of Childlessness with World Fertility Survey and National Census Data. DUDLEY L. POSTON, Jr., BAOCHANG GU, University of Texas-Austin 401

Socioeconomic Characteristics and Fertility Level in the Sudan. M. EL-ATTAR, M.O. NOURI, Mississippi State University 407

Changing Patterns of Age-Specific Fertility and Family Size: A Simulation Analysis for India. MICHAEL R. PAYNE, G.K. KRIPALANI, Western Michigan University 412

A Microanalytic Fertility Model for High Mortality Populations. BARRY EDMONSTON, Cornell University; KEN SMITH, University of Utah 418

Discussion--WALTER HILL, Jr., Howard University 424

XI. STATISTICS ON VETERANS

Chairs: WILLIAM F. PAGE, NORMAN HILLER, Veterans Administration
Organizer: VICTOR T. TSOU, Veterans Administration

Spinal Cord Injury Registry for Veterans. VICTOR T. TSOU, Veterans Administration 425

Survey of Aging Veterans. RICHARD HAMMOND, Veterans Administration 428

Methodology for Estimating and Projecting the Veteran Population by Age, State, and Period of Service. MARK S. RUSSELL, JAMES J. BYRNE, Veterans Administration 433

Validating Duty in Vietnam from Automated Military Personnel Files. WILLIAM F. PAGE, AMY J. KUNTZ (deceased), SUSAN C. GEE, Veterans Administration 437

XII. DISCRETE DATA ANALYSIS OF SOCIAL STATISTICS

Chair: J.N.K. RAO, Carleton University

Bias in Ex Post Del. KATHRYN A. SZABAT, La Salle College 440

A Test for Location Shift in Two-Way Tables when One Factor Contains Ordered Categories. WILLIAM H. STEWART, Oklahoma State University 445

Bootstrap Assessment of Estimation for a Time-Dependent Poisson Process. JON KOGUT, Mine Safety & Health Administration 449

Discussion--STEPHEN S. BRIER, George Washington University 455

XIII. APPLICATION OF STATISTICS TO EQUITY ISSUES: RACE AND SEX

Chair: JAMES E. HALL, University of Illinois-Chicago

Sex Differentials in Occupational and Industrial Structures of Mississippi: 1950-1970. M. EL-ATTAR, D.M. RAMALHO, Mississippi State University 457

An Analysis of Applicant Flow. DONALD C. WEBER, Miami University 463

Violations of Statistical Procedures Made in Federal Contract and Affirmative Action Compliance Analysis. JOHN T. SENNETTI, Texas Tech University 467

An Index of Salary Equity for Groups. HARRY F. GOLLOB, University of Denver 470

Using the 1980 Census as a Population Standard. EUGENE P. ERICKSEN, Mathematica Policy Research; JOSEPH B. KADANE, Carnegie-Mellon University 474

XIV. HEALTH SURVEY DEVELOPMENTS

Chair: WILLIAM D. KALSBEEK, University of North Carolina

Quality Control Procedures for Medical Coding: National Center for Health Statistics. KENNETH W. HARRIS, National Center for Health Statistics 480

Medical Edits Used by the National Hospital Discharge Survey. BARBARA J. HAUPT, National Center for Health Statistics 485

The National Hospital Discharge Survey: How a Change in Calculating Rates Affects Statistics on the Elderly. MARY A. MOIEN, National Center for Health Statistics 489

Resource Expenditures of the Research and Development Program: National Center for Health Statistics, 1976-1982. MONROE G. SIRKEN, KENNETH W. HARRIS, National Center for Health Statistics 493

The Impact of Length of Recall Period on the Estimation of Health Events. BRUCE COHEN, PENNIFER ERICKSON, ANITA POWELL, National Center for Health Statistics 497

Estimating from Factor Scores Derived from Criterion Weighted Matrices. DAVID J. FITCH, National Center for Health Services Research 503

XV. MODELING OF DEMOGRAPHIC DATA (CANADA AND THE UNITED STATES)

Chair: P.D. GHANGURDE, Statistics Canada

Using Logistic Regression to Develop Objective Inspection Strategies for EPA. ROBERT L. SANTOS, R. HOYT WALBRIDGE, Temple University; MEL KOLLANDER, Environmental Protection Agency 506

The Regression Estimates of Population for Sub-Provincial Areas in Canada. RAVI B.P. VERMA, K.G. BASAVARAJAPPA, ROSEMARY K. BENDER, Statistics Canada 512

Translation for Converting Demographic Data Between Overlapping Sub-Provincial Areas in Canada. ROSEMARY K. BENDER, RAVI B.P. VERMA, Statistics Canada 518

Application of Some Common Spatial Models to Population Data. MYRON J. KATZOFF, DONALD J. MALEC, U.S. Bureau of the Census 522

Improving the Measurement of Temporal Change in Regression Models Used for County Population Estimates. DAVID A. SWANSON, Alaska Department of Labor; LUCKY M. TEDROW, Western Washington University 525

CONTRIBUTED PAPERS--POSTER SESSIONS

Interviewing Physicians: The Effect of Improved Response Rate. MARC L. BERK, National Center for Health Services Research 527

Analyses of the Health Care Experience for Single Person Families Using Data from the National Medical Care Expenditure Survey. VICKI L. BURT, National Center for Health Services Research 533

Quasi-Optimality in Sequential Decision Processes. RICK L. EDGEMAN, Bradley University 539

Graphical Representation of Multiway Contingency Tables: Alternative Measures of Association. DANIEL H. FREEMAN, Jr., Department of Epidemiology and Public Health 544

A Comparison of Non-Parametric Regression Methods. SHULAMITH T. GROSS, THOMAS J. TOMBERLIN, Baruch College, City University of New York 549

Linking of Large Scale Longitudinal Data Sets without Personal Identifiers. TIMOTHY L. McAULIFFE, TAKAMARU ASHIKAGA, SANDRA TOWER, University of Vermont 551

About the Method of Estimating the Expectation of Life at Old Ages. S. MITRA, Emory University 555

Racial Differences in the Journey to Work: Evidence from Recent Surveys. WILLIAM O'HARE, Joint Center for Political Studies, Inc. 560

Statistical Evaluation of Prehospital Emergency Medical Care. WILLIAM K. SIEBER, Jr., NIOSH; LARRY J. SHUMAN, University of Pittsburgh 565

Inequalities in Employment Status: Illustrating Differences for Hispanics, Blacks and Women. HAVENS C. TIPPS, HENRY A. GORDON, U.S. Commission on Civil Rights 569

Goodness of Fit Tests for Compound Poisson Models. DANIEL ZELTERMAN, State University of New York-Albany 575
